International Field Study

Our MBA curriculum’s intensive international field study component is an action-oriented immersive experience. During past international field study trips, students have traveled to England and Germany. Our MBA curriculum’s intensive international field study component is an action-oriented immersive experience. During past international field study trips, students have traveled to England and Germany. International Field Study is postponed until further notice due to COVID-19 complications with travel. For 2022, the School for Business will be offering a virtual/hybrid (local NYC) international field study experience.

This Degree is Practical

Employment in management occupations is projected to grow 9 percent from 2020 to 2030, about as fast as the average for all occupations, and will result in about 906,800 new jobs. Employment growth is expected to be driven by the formation of new organizations and expansion of existing ones, which should require more workers to manage these operations. The median annual wage for management occupations was $109,760 in May 2020, which was the highest wage of all the major occupational groups.
