

Metropolitan College of New York MBA in General Management

The MBA in General Management from Metropolitan College of New York offers ambitious professionals a chance to attain the skill sets and knowledge that help them contribute to their company or organization using key business management principles. They will also be ready to make the most of today's dramatically changing business world – and make a difference in communities that are both local and global.

While including the topics covered in a traditional MBA programs, this course of study requires students to go to the next level. As part of the program, they will take what they've learned and apply it to a real

business situation. Students also learn to create beneficial and productive organizational structures as well as effectively manage change, conflict and growth.

Graduate often go on to management positions in marketing, finance, information technology, human resource, strategic planning and consulting in both domestic and global opportunities. Additionally, many also pursue entrepreneurial ventures and chart their own professional course by developing and investing in their own ideas and ventures.

Manhattan • The Bronx

**Six additional credits for students with no business background.*

International Field Study

Our MBA curriculum's intensive international field study component is an action-oriented immersive experience. During past international field study trips, students have traveled to England and Germany. International Field Studies are postponed until further notice due to COVID-19 complications with travel. For 2022, the School for Business will be offering a virtual/hybrid (Local NYC) international field study experience.

Real-World Skills You'll Learn in this Program

- Gain the knowledge in different disciplines within the field of business and project administration, enabling you to manage, oversee and run hospitals, clinics, physician offices, healthcare government agencies, healthcare companies, and more.
- Hands-on experience and practical knowledge through Constructive Action, which is a workable plan you will develop and implement.
- Leverage networking opportunities with faculty, alumni and other business leaders.
- Preparation for the CAHIMS and CPHIMS certification exams.

This Degree is Practical

Employment in management occupations is projected to grow 9 percent from 2020 to 2030, about as fast as the average for all occupations, and will result in about 906,800 new jobs. Employment growth is expected to be driven by the formation of new organizations and expansion of existing ones, which should require more workers to manage these operations.

The median annual wage for management occupations was \$109,760 in May 2020, which was the highest wage of all the major occupational groups.

WHAT MAKES MCNY DIFFERENT?

Founded in 1964 by educational visionary and activist Audrey Cohen, more than 12,000 alumni have earned degrees from Metropolitan College of New York. Our unique Purpose-Centered Education model helps you learn better by blending theory, and real-world practice, all within the lens of social justice.

MCNY is an accredited, not-for-profit college, with two campuses, one located in lower Manhattan and another in The Bronx. In addition to providing professional development opportunities, our undergraduate and graduate programs are offered through three schools: the Audrey Cohen School for Human Services and Education, the School for Business, and the School for Public Affairs and Administration.
